Particularities: Moscato d'Asti represents the ancient Piedmontan tradition of sweet sparkling wines. It recalls the elegance of women, the bottle itself is styled and shaped on the Italian women from '60. Tosti wines express class and elegance not only by the wine themselves but also by their bottle: the only one with the belly button, nothing more than an homage to women's body, the ultimate symbol of elegance, and the heart, the pure symbol of love.
